EDUCATION

SURENDRA INSTITUTE OF ENGINEERING AND MANAGEMENT

B TECH IN COMPUTER SCIENCE

July 2017 | Siliguri, WB, India
D GPA: 7.12

MARGARET (S. N.) ENGLISH SCHOOL

May 2013 | Siliguri, WB, India

CERTIFICATION

PHP AND MYSQL

ARDENT COMUTECH, KOLKATA

Completed an intensive training program focused on PHP and MySQL, covering advanced programming techniques, database management, and web application development.

SOFTSKILLS

Communication • Collaboration
Problem Solving • Adaptability

EXPERIENCE

FÖRDEL STUDIOS | FULL-STACK DEVELOPER

Jan 2023 – June 2024 | Siliguri, WB, India

- **Front-End Development:** Engineered responsive, high-performance user interfaces using Angular and Ionic, significantly improving user engagement.
- **Back-End Development:** Delivered scalable and efficient server-side solutions with NodeJS and NestJS, optimizing performance across multiple projects.
- **Database Management:** Designed and maintained MongoDB databases, implementing advanced data models and ensuring seamless data integration.
- **Project Execution:** Spearheaded team efforts on key projects, collaborating effectively with cross-functional teams and demonstrating leadership in project execution.
- **Mentorship:** Provided technical mentorship to junior developers and interns, nurturing growth through code reviews and hands-on training.

TECHNOWEBS | FULL-STACK DEVELOPER

Aug 2024 – Present | Siliguri, WB, India

- **Front-End Development:** Building modern, intuitive user interfaces using Vue.js and Quasar, focusing on optimizing user workflows and responsiveness.
- **Back-End Development:** Crafting robust back-end systems with Laravel, emphasizing modular design and enhancing maintainability for long-term scalability.
- **Database Management:** Leveraging MySQL, MS SQL Server, and MariaDB for complex data handling, ensuring database queries and data architecture are streamlined and efficient.

PROJECTS

CUSTOMER RELATIONSHIP MANAGEMENT TOOL

- **Description:** Developed a custom CRM for a travel agency as part of a team, improving customer management, booking efficiency, and centralizing agency operations.
- **Technologies Used:** Angular, Ionic, NodeJS, NestJS, MongoDB.

COVERAGE REPORT GENERATION TOOL

- **Description:** Collaborated on a team project to develop a Coverage Report Generation Tool with a user-friendly front end and scalable back end for a Dubai based PR Media company.
- **Technologies Used:** Angular, Ionic, NodeJS, NestJS, MongoDB.

ARTWORK MANAGEMENT TOOL

- **Description:** Collaborated on a team project to develop a comprehensive artwork management tool for a Print Manufacturing Company, enhancing efficiency, workflow, and security.
- **Technologies Used:** Angular, Ionic, NodeJS, NestJS, MongoDB.

STATIC WEBSITE FOR FÖRDEL STUDIOS

- **Description:** Developed a responsive static website for Fördel Studios, showcasing services, portfolio, and company information with an intuitive user experience.
- **Technologies Used:** Angular, HTML5, SCSS.
