SUMMARY

Software Engineer with 3+ years of experience building scalable applications using the MERN stack (React.js, Node.js, Express.js, MongoDB). Experienced in REST APIs, authentication, responsive UI, and integrating AI capabilities, with a focus on clean, maintainable, reusable, and high-performance code.

WORK EXPERIENCE

Digital Avenues - Software Engineer Feb 2026 - Jul 2026

- Collaborated to refine features, fix UI issues, and ensure smooth releases
- Enhanced code quality through debugging, reviews, and continuous improvements

Crowntail Technologies - Full Stack Developer Aug 2024 - Feb 2026

- Built responsive web applications using React and Next.js, with backend services in Laravel and NestJS
- Designed backend architecture and optimized data models and queries using PostgreSQL and MariaDB
- Contributed to planning, estimations, code reviews, and mentored teammates while maintaining development standards

Fördel Studios - Full Stack Developer Jan 2023 – June 2024

- Built scalable web and mobile applications from scratch, ensuring seamless frontend-backend integration
- Contributed to backend architecture decisions to improve scalability and maintainability
- Collaborated with designers and developers to ensure consistent, functional UI across platforms

PROJECTS

Customer Relationship Management Tool

- Led end-to-end development of a custom CRM (frontend and backend)
- Built backend architecture and APIs with NestJS, and developed the frontend using React.js
- **Tech Stack:** React.js, Node.js, NestJS, Typescript, MongoDB

Coverage Report Generation Tool

- Worked with and led a team of 3 to build scalable backend using Node.js and MongoDB
- Converted Figma designs into responsive React.js UI components
- **Tech Stack:** React.js, Node.js, NestJS, Typescript, MongoDB.

Auditing Software for Hotels

- Contributed to a hotel auditing platform serving 2000+ users, improving features and performance
- Maintained frontend and backend components, resolving issues and improving reliability
- Implemented S3 for storage and Azure for SSO login
- **Tech Stack:** React Node.js, PostgreSQL

EDUCATION

2013 - 2017 CSE at **Surendra Institute of Engineering and Management** (GPA: 7.12/10)

SKILLS

Languages	JavaScript, Typescript, Go, PHP, Dart, SQL
Frameworks/Libraries	React, NextJS, React Native, Angular, Flutter, NodeJS, NestJS
Databases	MongoDB, MariaDB, PostgreSQL, MySQL
Other Technologies/Tools	Docker, Git, GraphQL, REST API, RabbitMQ, AWS, Claude Code
